The game was released for Microsoft Windows, PlayStation 3 and Xbox 360 in North America on August 8, 2010.A sequel to the 2010 game Transformers: War for Cybertron, it is a third-person, action-adventure game in which the human race is threatened with extinction, until a team of Autobots, led by Optimus Prime, attempt to prevent the war and restore peace to the planet. Additional playable characters were confirmed for the game on March 29, 2010. The game is set during the War for Cybertron storyline, and features many robots and humans from the events of the previous game.The game is developed by the same development team that created Transformers: War for Cybertron, High Moon Studios. Unlike previous games, this entry has not used the namesake Transformers license from DreamWorks Animation. Activision partnered with Hasbro on this title. The game was originally scheduled for release on April 8, 2010 but was delayed until August 8, 2010. Transformers: Fall of Cybertron is set in the same fictional universe as its predecessor, Transformers: War for Cybertron. The game revolves around the war between Autobots and Decepticons, which was first depicted in the G1 (1980–82) animated series, Beast Wars (1997), and Revenge of the Fallen (2009). Taking place before the events of the first game, the human race is on the verge of annihilation when a small group of Autobots arrive on Earth. Determined to bring peace, they fight against humanity's biggest enemy, the military force led by Megatron
