The BEST of both worlds!! Caring Staff, Convenient Hours, Convenient Location! What more could you want??? The staff is AMAZING! Everyone has been so helpful, friendly and patient. I would highly recommend this facility! Great doctors, friendly staff, and a comfortable, clean facility. Excellent facility! Fantastic facility! Great doctors and staff. The nurses were very friendly and pleasant. The staff is really great and friendly. The facility is clean and the rooms were great. Great location, too. I would recommend this facility to anyone! Very nice facility The overall care and attention the patients receive is exceptional. I have no complaints. The medical personnel is very friendly and the ambiance is a reflection of the care and attention they provide. The staff is always friendly and helpful! I love this place! I have been a patient of Kaiser for many years. I have seen great progress in my aches and pains from my various surgeries. The staff is attentive, friendly, and caring. They take good care of my children as well. Kaiser has great docs, great staff and a great facility! I can't say enough good things about the people and the place here at Kaiser. The doctor who saw me for a broken wrist would never believe how little I complain about pain; however, I know that without the expertise and care at Kaiser, I wouldn't be able to move so easily. Kaiser is a great place to receive care. I am grateful to have Kaiser Permanente as my provider. The nurses, doctors, and other staff are so pleasant and knowledgeable. They take such good care of me and my family. Kaiser is such a terrific community. I can't say enough good things about Kaiser. Kaiser is the best care for me, my kids and my grandkids. It's always a pleasant experience at Kaiser. This is my 17th or 18th year at Kaiser. I have been in the hospital and received excellent care at Kaiser.

A: Please try this, if this doesn't solve your problem then, you can try another version. I hope this will solve the issue for you. Q: Set a string property on the user object in AD The AD user object in SharePoint 2010 has a field called DisplayName that is a string. How do I set this property? A: In SharePoint, the DisplayName property is part of the User Profile service application. You can use the UserProfileManager class in the UserProfileServiceApplication class library to update the User Profile service application. Here is the example: `SPUser oUser = SPContext.Current.Web.CurrentUser; if (oUser.Profile.IsDefault) { ProfileManager.GetDefaultProfile().SetDisplayName("john doe"); } else { ProfileManager.GetProfile("user-profile-name").SetDisplayName("john doe"); }` Salon-type electrical hair-trimming apparatus are known wherein a pair of electrodes in each case engage the outer region of the hair, the length of which is to be trimmed, for applying a voltage across the hair. Electrical trimming can also be effected using hand-held hair clippers, having a single electrode, which are used to move the electrode in a circular pattern over the hair. Such clippers have a disadvantage that their use is uncomfortable, since the hand must be used to hold the clipper, and then to position the clipper. Hand-held electrical hair trimmers with twin electrodes are also known. In the known devices the electrodes are individually provided with a trigger switch which when actuated electrically biases the electrode over the hair. Such a device has the disadvantage that it can only 2d92ce491b
