VaySoft Excel To EXE Converter Free Download X64

VaySoft Excel to EXE Converter is a simple and useful piece of software that provides you with a reliable means of converting XLS, XLM or XLSX files to EXE format effortlessly. What's more, you can even protect your files from illegal usage. Before using the application, you need to make sure that your system meets all the requirements, otherwise you are not able to access the generated EXE file. The Conversion tab enables you to add as many Excel spreadsheets as you want and change the executable output folder. In case you don't want to make further adjustments, you can simply hit the Convert button and view the generated file. However, several options that help you to personalize your files stay at your disposal such as adding logo, inserting a personal watermark or allowing play time limit. By accessing the 'General option' tab you are able to disable the copy / paste function, hide the Excel tool and Formula bars, as well as protect all the available cells. The 'Logo setup' tab enables you to add a personal logo to the generated file and choose an image that will display after or before playing the Excel spreadsheet. In case you want to personalize your XLS files, you can add customizable watermarks by changing the watermark position size, the background and the font color. What's more, the application allows you to embed special fonts that Excel can not embed. This way,

you are able to distribute your files all over the world irrespective of whether other PCs have the font installed or not. Considering all of the above, VaySoft Excel to EXE Converter proves to be a steady solution when it comes to converting your Excel files to EXE format and protecting them with personal logos and watermarks.About Us Dance With Me(s) The Dance With Me(s) program encourages and promotes the active participation of children in the arts by offering classes in dance, drama, music, art, and dance. It is our goal to develop the dance skills of children through daily participation in dance, drama, music, art, and through our special use of 'bodies'. Dance, drama, music, art, and dance may be more than just a series of physical activities. These activities may involve learning through play. Our goal is to promote learning through play by focusing on the creative processes as well as improving
