I went into my Autodesk InfraWorks 2019 installed folder and extracted the file on a USB, then went into the folder on the computer. I then had to go into the file's subfolder and go into the.reg file which is ending in.reg in the root, and find the line which had the info in.mod already. Then copy that from the.mod file into the.reg file which ended up looking something like this: 570a42141b
