
Newtek Virtual Set Editor Version 2

Download

Download Virtual Set Editor 2 Free! Newtek Virtual Set Editor 2 Product Features Focus on the people Great for filming any type of event. You can add people and a focal point at any stage of your set. Based on real time camera movement Using NewTek Virtual Set Editor, you can edit and insert pre- or post-recorded footage into your virtual set like you would an HD TV. Use gesture controls A gesture control enables you to play, rotate, move or pan your camera or the focal point with your mouse, iPhone or iPad. Dynamically resize your set with the touch of a button Even the slightest change to your set can take seconds to minutes to apply if you don't have a stabilizer. With Virtual Set Editor, all you need to do is make a change, and your set automatically changes. Read on for the list of features that come with the product . Multiple camera orientations Use 3D camera rotation to view your set from a variety of angles. Perspective flip & camera rotation You can toggle between 3D camera and standard camera footage without a hitch using the perspective flip and camera rotation features. Speed the graphics up Graphics can be sped up or slowed down, letting you edit your virtual set smoothly and effortlessly. Editing transitions & durations Transitions and durations can be changed from the settings screen, and overlays can be added for more control. Customize controls Customize the look and feel of your interface with the Interface Zoom and the Zooming Slider. Photoshop intelligent workspace Pan and zoom in the Live Monitor to get perfect focus on your focal point or camera. Camera keyframes Drag and drop keyframes directly onto your camera to instantly and effortlessly change camera orientations and facial expressions. Custom backgrounds Apply one of the pre-installed backgrounds or create your own by cropping a background from one of NewTek's pre-built templates. Compatible with all Tricaster systems Virtual Set Editor 2 for TriCaster can be used with any Tricaster, TriCaster 2 Elite, TriCaster Mini, TriCaster 860, TriCaster 860 Elite, TriCaster 410, and TriCaster 860 Elite. Use custom camera views Change the camera view you are seeing in the Live Monitor with one of the pre-configured camera types, or create your own by configuring the camera
